

## Therm-Chek® RC 158L

### Stabilizer Product Profile

#### Product Description

Therm-Chek® RC 158L is a calcium, zinc liquid stabilizer for use in plastisol and general-purpose flexible PVC formulations. Therm-Chek® RC 158L is recommended as a general-purpose stabilizer for extrusion and plastisol applications.

Therm-Chek® RC 158L provides good early and long-term color hold. Therm-Chek® RC 158L also provides good low temperature heat aging and good viscosity control in plastisols.

#### Safety and Handling

Complete toxicity and handling information can be found on the Material Safety Data Sheet, which is available on request.
