

## Therm-Chek® SP 231

### Stabilizer Product Profile

#### Product Description

Therm-Chek® SP 231 is a liquid zinc stabilizer for use in FDA applications. This stabilizer is easy to handle and use. Therm-Chek® SP 231 offers high efficiency – it provides heat stability equivalent to powders and pastes.

Therm-Chek® SP 231 offers superior clarity compared to powders and pastes. For best results, Therm-Chek® SP 231 should be used with a small amount of stearic acid.

Therm-Chek® SP 231 complies with FDA Regulation 178.2010 – can be used in indirect food contact end products such as those used for packaging food.

#### Safety and Handling

Complete toxicity and handling information can be found on the Material Safety Data Sheet, which is available on request.

#### Typical Properties

Physical state	Liquid
Specific Gravity	0.99
Color (Gardner)	3
