

Chemistry Type: Amine
Function(s): Antioxidants

Wingstay 29A Powder is a 70% active amine antioxidant on inert silica, facilitating product handling in rubber compounding applications. **Wingstay 29A Powder** protects rubber-based materials against oxygen attack and prevents product degradation, especially at high temperatures.

Industries & Markets

- Automotive: Antioxidants for Tires
- Automotive: Antioxidants for Rubber Components including Hoses, Belts and Gaskets
- Construction & Architecture: Antioxidants for Tapes
- Antioxidants
- Sports Surfaces: Antioxidants for Athletic Mats
- Antioxidants for Rubber Flooring

End Use Applications

- Antioxidants for Natural and Synthetic Rubbers and Plastics
- Antioxidant for Rubber Tapes and Labels

Key Advantages

- Highly active antioxidant
- Low volatility
- Low staining characteristics
- Does not activate scorch nor cause bin cure

Molecular Structure

Geographic Availability

Product Availability

- North America
- Latin America
- China
- Asia (Excl. China)
- South Pacific
- EMEA (Europe, Middle East, Africa)

Physical Properties

Color	Off White
Physical Form	Powder
Discoloration	Slight

Chemical Properties

Chemistry Type	Amine
Active Ingredient (by weight)	70 %

Storage & Handling Guidelines

Available Packaging	Other
Handling	<ul style="list-style-type: none">Do not handle near an open flame, heat or other sources of ignition.Adequate ventilation should be maintained in the processing areas.Fine powders may cause irritation to the respiratory system if inhaled.See Safety Data Sheet (SDS) for additional product information.
Recommended Storage Conditions	<ul style="list-style-type: none">Do not store near an open flame, heat or other sources of ignition.Do not expose product or container to direct sunlight or to freezing temperatures.Store in a dry, well ventilated area.
Shelf Life	36 Months (when stored as recommended)

Revision Date: 17-Jul-17

NOTE: Although the data supplied above is believed to be accurate, each user is advised to make an independent determination as to whether the described product is appropriate for a particular use or application, whether such use will comply with all applicable laws or regulations, and whether such use will infringe the intellectual property rights of third parties.
